

OUTSOURCE YOUR ESG REPORTING

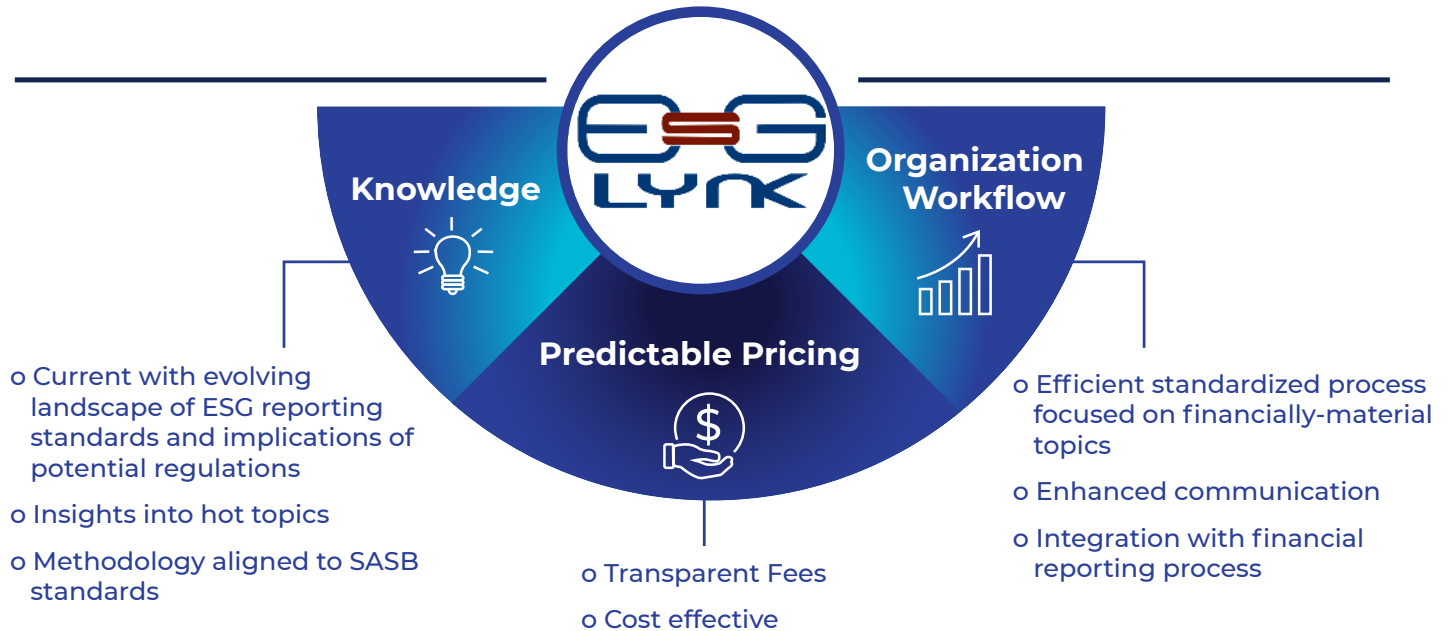

The process of ESG strategy and reporting can seem overwhelming.

ARE YOU EXPERIENCING ANY OF THESE CHALLENGES?

Make your ESG strategy development and reporting process more efficient by outsourcing your ESG needs to ESG Lynk®.

You do not have to invest in expensive resources to stay abreast of changes within the ESG reporting landscape. We have the experienced professionals who are 100% committed to ESG reporting strategy and we deliver a quality ESG report at a cost-effective price.

The benefits to our standardized solution start with professionals with deep ESG reporting expertise who optimize costs and ensure quality for you.

STREAMLINED EFFICIENCY

- o Periodic communication to ensure your project stays on track
- o Cross-functional collaboration and coordination
- o Established processes and effective project management capabilities

PREDICTABLE PRICING

- o Fixed or Variable pricing models
- o Value of former Big 4 and consulting experienced professionals at less than full-time employee costs
- o Streamlined methodology and approach yield increased quality with decreased time

DEEP EXPERTISE

Our approach makes the most of our years of experience and knowledge across multiple industries:

- o Seasoned executives on your service team
- o Hands-on experience drafting numerous ESG disclosures
- o Access to ESG reporting databases
- o Understanding your processes and expectations
- o Methodology and approach rooted in financial reporting experience
